President  
PATCtech

Dear Mr. Alsup:

The Select Subcommittee to Investigate the Remaining Questions Surrounding January 6, 2021, is conducting oversight of the events that occurred at the Capitol and the response and subsequent investigations conducted by various law-enforcement entities. According to the Statements of Disbursements of the House of Representatives, the House Select Committee to Investigate the January 6th Attack on the United States Capitol (January 6th Select Committee) received services from PATCtech.<sup>1</sup> As such, we believe that you may possess documents and footage critical to our oversight and we request your voluntary cooperation with our inquiry.

Last Congress, an investigation led by then-House Administration Oversight Subcommittee Chairman Barry Loudermilk found that the January 6th Select Committee left video footage unaccounted for and that many documents were missing or deleted.<sup>2</sup> For example, the January 6th Select Committee failed to archive over one terabyte of digital data<sup>3</sup> and former Select Subcommittee Chairman Bennie Thompson conceded that he withheld footage of witness interviews and depositions.<sup>4</sup> To date, Representative Thompson has failed to account for the missing footage and data.
